GM Valerie,

The new format was provided by Bruce in June.

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

The titles and format are very similar to those included in the existing Appendix C example (attached), noting that the request is to identify specific reviewer names in Programs. The new format would have these titles, built into the existing Appendix C example:

1. Manuscript Title
2. Background/Overview
3. Relevancy to EPA Program/Regional Research Needs/Priorities
4. Name(s) of Reviewer(s) of Earlier Drafts/Co-Authors from other EPA Programs/Regions
5. Major Observations and Results
6. Potential Implications of the Findings
7. Findings Advancing Existing Scientific Knowledge
8. Publication Information (journal, book) and Estimated Timelines.

Hope this is helpful. Annette.
